

North Beacon Hill

NEIGHBORHOOD ACTION PLAN

Strategies and action steps to achieve the community's vision and goals.

North Beacon Hill Neighborhood Action Plan

The North Beacon Hill Action Plan is the work plan that identifies strategies and action steps to be accomplished together by the community and the City in order to achieve the community's vision and goals. Through a series of meetings during 2009 and 2010, the community came together to create the North Beacon Hill Neighborhood Plan Update, an update of the North Beacon Hill Neighborhood Plan of 1999, and helped to prioritize the strategies and action steps of the North Beacon Hill Action Plan. It is the intent of the City to complete the included Action Steps in the timeframes indicated however changes may be necessary due to the current economic environment.

Overview

Neighborhood Plans are designed to be long-term, flexible documents that shape and guide the future of a neighborhood. The original Neighborhood Planning process took place nearly 10 years ago and helped provide communities with a framework that allowed them to shape the direction of their neighborhood. The goals and strategies developed during the original neighborhood planning process were folded into the City's Comprehensive Plan.

The recently completed North Beacon Hill Neighborhood Plan Update process affirmed the vision of the original North Beacon Hill Neighborhood Plan completed in 1999 and refreshed the goals, policies and strategies to reflect the changed conditions of the plan area and involvement of a broader segment of the neighborhood's population. These proposed goals and policies will be forwarded to City Council in early 2011 for inclusion in the City's Comprehensive Plan.

Action Plans and Priorities

The North Beacon Hill Action Plan includes the vision, goals, policies and strategies of the North Beacon Hill Neighborhood Plan Update as well as the goals, policies and strategies that were carried over from the North Beacon Hill Neighborhood Plan of 1999. The action plan includes action steps to be addressed in the near future as work toward the associated strategy. The action plan is intended to be refreshed regularly by the community and the City. It is a living document that accommodates changing priorities, conditions, tools and resources.

Action Plan priorities are the shared work of the community and the City that are required to achieve the vision and goals of the Neighborhood Plan update process. In order to be implemented, each strategy has specific action steps that the City, neighborhood residents, business, and other actors are responsible for completing. To assure progress toward implementation, each action step has an estimated timeline for completion.

The following two tables summarize the community's prioritization of goals and strategies from the 2009 Neighborhood Plan Update Process in North Beacon Hill. The City's neighborhood planning team gathered this feedback in two ways. First, a Town Hall meeting in May 2010, community members participated in a "dot exercise", in which they placed an allotted number

of dots beside their own priorities. Second, community members participated in a similar exercise via an online survey.

Table A: Top Selected Goals for North Beacon Hill

Dots	Goal #	description
332	Goal 4	Neighborhood with parks and open spaces that serve its diverse community
325	Goal 5	An active and safe, diverse neighborhood, day and night
296	Goal 6	A gathering place for the cultural communities of the neighborhood
284	Goal 10	A safe and pleasant neighborhood to walk, bike, and ride
275	Goal 3	A strong neighborhood commercial District

Table B: Top Selected Strategies for North Beacon Hill

Dots	Strategy #	Description
99	5 additional	Supporting a safe and healthy community
86	6.4	Bring a Farmers Market to Town Center
83	10.1	Implement specific SETS projects
82	2.1	Support affordable housing close to light rail station
80	8.2	Change zoning and land use to support the development vision at El Centro
79	6.5	Support arts and cultural organizations, projects and events
78	5.3	Explore making North Beacon Hill an Alcohol Impact Area
75	5.2	Increase bike patrols
73	10.2	Complete a design for Beacon Ave S to S Spokane St
72	5.1	Maintain Jefferson Park as a safe place to be, possibly through Park Rangers

This informal summary simply highlights those goals and strategies that garnered the most dots, and provides a brief synthesis of the top-dotted items. The results are a general indicator of community priorities -- they are not intended to preclude or limit other goals and strategies identified in the neighborhood plans. A complete list of the goals and strategies that were listed during this exercise is available at

http://www.seattle.gov/dpd/Planning/Neighborhood_Planning/Overview/

For the North Beacon Hill neighborhood, the key themes that emerged from the dot exercise were:

- Top-dotted goals focus on good public places, including a multicultural center.
- Top strategies are largely **safety** related (#5additional, #5.3, #5.2, #5.1)

- Other top strategies cover a range of issues (farmers market, transportation improvements, affordable housing, rezoning & redevelopment, arts & cultural affairs)

Implementation Strategy

A Neighborhood Action Team will be formed around each goal that is a demonstrated priority, so that community members can take ownership of the priorities that matter most.

Community members will self-select Action Teams, so that people who are passionate and committed to implementing a goal will carry out the work required to for implementation. The City department that best relates to the stated goal will participate on an Action Team. The Neighborhood District Coordinator will provide contact information for City staff of the different Action Teams and also serve to connect community members who are interested in participating in Action Teams.

The City will host regular community-wide meetings to inform residents on the progress of the previous year's Action Steps and to determine the next Action Steps. Action Plans will continuously be revised accordingly.

North Beacon Hill is a community with a long and unique history, characterized by its ethnic and cultural diversity. The committee will work to develop a plan for a well defined urban village anchored by a new library and commercial/retail core accessed by efficient, pedestrian friendly, public transportation. Furthermore, the urban village plan will reinforce existing single family neighborhoods by encouraging and focusing additional growth within the boundaries of the urban village while maintaining affordable housing alternatives throughout North Beacon Hill.

Goal 1. Housing for neighborhood's culturally and economically diverse residents

A well defined mixed-use residential neighborhood where the lives of Beacon Hill residents are enhanced, in part, through affordable and diverse housing options available throughout the neighborhood. (NBH-G1 amended)

Policy 1.A. Allow housing types, such as cottage housing, in single family zones to improve affordability

Allow alternative housing types, such as cottage housing, in single family zones to support affordable choices while preserving the single family character. (NBH-P6 amended)

Policy 1.B. Encourage a mix of unit prices and sizes

Encourage a mix of unit prices and sizes through active use of incentives, direct City funding, and surplus property programs. (NBH-P3 amended)

Policy 1.C. Encourage affordable, family-sized homes

Encourage affordable, family-sized homes through incentives, direct City funding, and surplus property programs. In particular, strive to preserve, or when needed, replace affordable family-sized apartments.

Policy 1.D. Encourage a balance of affordable rental and homeownership housing

Encourage a balance of affordable rental and homeownership housing through incentives, direct City funding, and surplus property programs.

Strategy 1.1: Maintain and create new affordable housing

Use City funding to leverage other funding to preserve existing and create new subsidized housing.

Developer/owner applies for funds. Programs/funds already exist -- ie Housing Levy, Weatherization, Rehab

H	1-10	dev / owner	OH		O
---	------	-------------	----	--	---

Strategy 1.2: Achieve Comp Plan affordable housing targets

Apply Comprehensive Plan affordable housing targets to the Beacon Hill Urban Village and periodically evaluate progress.

Staff to analyze current condition, identify gap, and target programs such as housing levy to fill gap

H	1-10		OH		O
---	------	--	----	--	---

Strategy 1.3: Create affordable rental and home ownership housing

Set affordable rental and home ownership housing objectives and use incentives, direct City funding, and surplus property programs to fill gaps.

Developer/owner applies for funds. Housing Levy and incentive programs in place

H	1-10	dev / owner	OH		O
---	------	-------------	----	--	---

Strategy 1.4: Use weatherization and rehab programs to support low-income home owners

Provide support to low-income homeowners with weatherization and property rehabilitation assistance and property tax exemption.

Owners apply for funds and/or exemptions. Programs/funds already exist -- ie Housing Levy, Weatherization, Rehab

H	1-10	owners	OH		O
---	------	--------	----	--	---

Goal 2. A neighborhood with a vibrant mix of housing close to the light rail station

A vibrant mix of housing close to the light rail station.

Policy 2.A. Encourage new housing near light rail station

Encourage the development of housing close to the light rail station.

Policy 2.B. Encourage affordable housing, including affordable family housing, near light rail station so residents can stay in the community

Capture the opportunity created by light rail to support affordable housing development close to the light rail station by including homes appropriate for different family sizes, so that residents are able to stay in the community, even as the housing market changes over time.

Strategy 2.1: Support affordable housing close to light rail station

Leverage public funding to support affordable housing close to light rail station.

Developer/owner applies for funds. Housing Levy and incentive programs in place

H	1-10	dev / owner	OH		O
---	------	-------------	----	--	---

Work with federal, state, and local government agencies to identify surplus properties near the Beacon light rail station that are appropriate for affordable housing.

H	1-10		OH	Sound Transit	
---	------	--	----	---------------	--

Work with residents and land owners to envision and develop a mix of housing prices and types on underutilized properties adjacent and above the light rail station.

H	1-10	comm grps, dev, owners	OH	Sound Transit	
---	------	------------------------	----	---------------	--

Strategy 2.2: Use housing incentives to support and prioritize workforce housing

Prioritize the provision of affordable workforce housing if incentive zoning is used in the Station Area Overlay District.

Housing incentive rates were established by ordinance on a city-wide basis in order to provide equity and consistency; city may consider allowing local deviation as part of station area overlay

Goal 3. A strong neighborhood commercial district

An urban village with a strong overall business district image and identity that is home to a variety of commercial services, including a grocery store and a mix of small, local and ethnic businesses. (NBH-G9 amended)

Policy 3.A. Support the existing mix of small businesses and encourage new small businesses

Support a continuing mix of small businesses and encourage new small businesses by providing technical assistance and access to financing. (NBH-P5 amended)

Policy 3.B. Retain local access to food, including a grocery store in the commercial core

Retain local access to food, including a grocery store in the commercial core

Policy 3.C. Promote services for neighborhood light rail commuters close to the station

Promote services that can serve neighborhood residents who commute by light rail, such as childcare, close to station.

Strategy 3.1: Support a strong local business association

Strengthen the North Beacon Hill Business Association in order for the business owners to work together and with the community to create a neighborhood business district that serves the community. The business association can also provide a venue for its members to raise concerns to the City as well as pursue grants and technical assistance. Potential partners might include Counselors to America's Small Business (SCORE)/Small Business Development Center, Community Capital Development, and Beacon Business/Property Owner Organization.

OED provides general support for business organizational development. OED staff has met with the Beacon Merchant Association with regards to organizational development and decisions to be made.

Goal 9. A dense Town Center with good transitions to the adjacent neighborhood											
A Town Center urban form that transitions from denser development at the Town Center core to less dense and single-family residential neighborhoods in a manner that is responsive to the context and character of the North Beacon Hill neighborhood.											
Policy 9.A. Guide the urban form and character of the Town Center to respond to the N Beacon Hill vision											
Guide future development and potential rezones so they contribute to an urban form and character at the Town Center that is responsive to the North Beacon Hill vision.											
					Strategy 9.1: Create an Urban Design Framework for the North Beacon Hill station area						
					Develop neighborhood design guidelines and an urban design framework plan for the North Beacon Hill station area. Framework elements could include building height options; incentive features such as affordable housing; open space; and pedestrian connections.						
					Work to complete an urban design framework (using street types as a guiding factor). Funding will be necessary for detailed operational analysis for proposed re-route of traffic on Beacon Ave S from S McClellan St to 15th Ave S)	H	1-3	comm grps	DPD, SDOT, PARKS		P
					SPU to support as resources are available	H	1-3		SPU		U
					Strategy 9.2: Incorporate goals of the update in the Neighborhood Design Guidelines						
					Amend the Beacon Hill Neighborhood Design Guidelines to incorporate the goals of the urban design framework plan.						
Goal 10. A safe and pleasant neighborhood to walk, bike, and ride.											
An urban village that is a pleasant place to walk, with good access to alternative transportation; where lively, friendly and safe streetscapes encourage pedestrians and bicyclists and where roadways are seen as public access for walkers, bicycles, and buses as well as cars. (NBH-G3 amended)											
Policy 10.A. Enhance pedestrian safety along key streets in the Urban Village											
Enhance pedestrian safety along key streets within the Urban Village and discourage projects that would hinder pedestrian access. (NBH-P9 and NBH-P10 amended)											
Policy 10.B. Use the Pedestrian Master Plan to identify and prioritize pedestrian improvements											
Use the Pedestrian Master Plan, which recognizes the importance of Beacon Ave. S., as a tool for identifying and prioritizing pedestrian improvements. (NBH-p19 amended)											
Policy 10.C. Use the Bicycle Master Plan to identify and prioritize bicycle connections											
Use the Bicycle Master Plan, which recognizes the importance of Beacon Ave. S., to identify, prioritize and improve bicycle connections to Downtown, Jefferson Park and Rainier Valley. (NBH-p19 amended)											
					Strategy 10.1: Implement specific SETS projects						
					Implement specific Southeast Transportation Study (SETS) Projects: #4 - Add a missing sidewalk link along Beacon Ave. S. at S McClellan St. to provide a continuous sidewalk through the landscaped island; and #6 - Improve safety at the intersection of Beacon Ave. S. and S. Stevens St.						
					In stall in-pavement flashers for crosswalk at Beacon Ave S and S Forest St (\$60,000)	H	1-3		SDOT		U
					Install 15th ave s bike facilities (between S College and Columbian Way)	M	1-4		SDOT		U
					Install Columbian Way S bike facilities (Beacon to Oregon)	M	1-5		SDOT		U
					Install S Alaskan Way/Columbian Way S bike facilities (MLK to Beacon)	M	1-6		SDOT		U
					Install Lander Festival Street		1-7		SDOT		D
					Install Chief Sealth Trail extension (Beacon Ave S to S Angeline St)	H	1-8		SDOT		U
					Improve paving on 15th Ave (Beacon to McClellan)	H	1-9		SDOT		U
					Implement rechannelization and paving of Columbian Way S		1-10		SDOT		U
					Obtain funding to complete SETS projects on Beacon Hill. Look to leverage funding through Neighborhood Street Fund program/Sidewalk program.	M	1-11		SDOT		O
					#4: missing sidewalk link along Beacon Ave S at S McClellan St island to be installed	M	1-12		SDOT		
					Strategy 10.2: Complete a design for Beacon Ave S to S Spokane St						

Vision Goals Policies Strategies Action Steps	WHAT	WHEN		WHO			HOW
		Priority (Catalyst, High, Medium)	Timeframe 1-3 yrs; 3-6 yrs; 6-10 yrs	Community Partners	City Dept	Agency	Phase (On-going, Plan, Underway, Done)
	<p>Complete a conceptual design for Beacon Ave. S. from the town center to S. Spokane St.; working within the existing right-of-way. Consider extending the median north along Beacon Ave. S., planting street trees, providing opportunities for sidewalk cafés, and other features such as bike lanes, street furniture and pedestrian lighting, within the existing right-of-way. See street section diagram page 14 (Note: An operational analysis of any proposed street design changes is necessary to assess impacts upon levels of congestion, especially at intersections, and parking impacts. Both existing and future conditions will need to be studied. Currently there is no funding for analysis, engineering or construction.).</p>						
	<p>Conceptual design complete and ready for community discussion and input -- through Urban Design Framework. Need funding for operational analysis</p>	H	1-3	comm grps	SDOT, DPD		D
	<p>SPD can provide safety design recommendations</p>	M	1-3	comm grps	SPD		
	<p>Strategy 10.3: Provide sidewalk benches at key locations</p>						
	<p>Provide benches at regular intervals along streets in the station areas, at bus stops and along major walking routes (e.g. Beacon Ave. S.). Consider implementing an adopt-a-bench program.</p>						
	<p>Conceptual design is included in 10.2</p>	H	1-3	comm grps	DPD, SDOT		D
	<p>Community may apply for matching fund grants for specific projects</p>	H	1-6	comm grps	community		
	<p>SPD will participate in design</p>	H	1-3	comm grps	SPD		
	<p>Strategy 10.4: Explore re-routing through traffic off Beacon Ave S</p>						
	<p>Explore the option of a traffic reroute that would redirect through-traffic off Beacon Ave. S. in the commercial center. Consider rerouting through-traffic from Beacon Ave. S. to 15th Ave. S. at S. McClellan St. and back to Beacon Ave. S. at the 15th Ave. S. intersection. By reducing traffic on Beacon Ave., the Beacon Ave. streetscape would be made more appealing for pedestrians and bicyclists and still be able to adequately accommodate transit. A "traffic-calmed" Beacon Ave. S. would most likely promote further streetscape improvements. (Note: The re-routing strategy would require a more detailed modeling and operational analysis to understand the traffic volumes that would be diverted, effects upon congestion especially at intersections, geometric requirements, and the possible need to acquire additional right-of-way. Both existing and future conditions would need to be studied before any decision were made about this alternative. Currently, there is no funding for such an analysis, engineering, design, or construction.)</p>						
	<p>Explore in urban design framework discussion</p>	M	1-3	comm grps	DPD, SDOT		P
	<p>Will need to pursue funding for detailed operational analysis and land acquisition for additional Right-Of-Way. Note: Project cannot move forward until funding is secured to determine feasibility.</p>	H	3-6		SDOT		
	<p>SPD will participate in design</p>	M	1-3	comm grps	SPD		
	<p>Strategy 10.5: Transform existing alleys into a pedestrian network</p>						
	<p>Consider transforming existing alleys into a pedestrian network that would link key civic destinations with the surrounding residential area.</p>						
	<p>DPD and SDOT use the urban design framework process to identify potential of existing alleys.</p>	M	1-3	comm grps	DPD, SDOT		P
	<p>Strategy 10.6: Seek opportunities to underground utility wires</p>						
	<p>Pursue opportunities to underground utility wires in the neighborhood.</p>	H					
	<p>New Strategy: Seek opportunities for family-friendly pedestrian and bicycle circulation</p>						
	<p>Seek opportunities to create family-friendly circulation for pedestrians and bicycles within the Beacon Hill neighborhood</p>	H	1-10	comm grps	SDOT
